A LUTHERAN ORGANIZATION

CHALLENGES AND SUCCESSES IN 2009

Two-thousand nine was a challenging year, but a very good one. A major focus for the year was preparing to join our two non-profit organizations—LATCH and The Compass Center—to form Compass Housing Alliance. This work involved Board members, staff, lawyers, accountants, public funders and long-time supporters of both organizations. In 2009, we commenced construction of the 58-unit Compass Veterans Center-Renton that is soon to be a home for 38 single adults and 20 families. We provided welcoming day services, secure nighttime shelter, and community based long-term housing at 22 locations to more people than ever before. Men, women, and children were served in a manner that honored their dignity as individuals. We produced effective results as staff counselors partnered with clients in the making of life decisions that promoted healthy living. We ended 2009 tired, but well positioned to better provide the services and housing that fulfill our Mission.

We are constantly aware that the services we provide are made possible because of the public/private partnerships that exist in our community. We give thanks that we are blessed to be part of a compassionate and generous community that responds to the needs of vulnerable people. This year is presenting needs even greater than the previously unmatched needs of 2009. Compass Housing Alliance is responding as effectively as we can with the limited resources that we have available.

I ask you to look over the report and consider the scope and the volume of services Compass Housing Alliance provides for people in need. The ability to provide these services is dependent on you and your partners in this ministry. There is a temptation in times of economic uncertainty to be a bit too cautious with our gifts. I ask you to consider the good your gifts have done in the past and the people who need your support today and then decide how to invest your resources. I have yet to meet a person who, after making a contribution to a good service provider, expressed sorrow at making the gift. I have said it before but I am saying it again: sharing is life giving and produces real genuine joy. Together we can make a positive difference in the lives of many people and the health of our community.

Thank you for reading my letter and considering my request.

Rick Friedhoff
Executive Director

OUR MISSION

In the Lutheran tradition of caring through service, Compass Housing Alliance develops and provides essential services and affordable housing for homeless and low-income people in the greater Puget Sound region.

VISION

A world in which every person lives in a safe, caring community.

In 2009, LATCH properties housed 475 individuals. Children under age 18 accounted for 45% of the residents in our family units. The average annual household income in 2009 was \$22,798.

Jerry Wagner, liaison at Northlake Lutheran Church, was presented with the 2009 Opening Door Award as the volunteer of the year.

During his time volunteering with LATCH, Jerry has been connected with the LATCH Board and served as a church liaison and a member of the Resident Life Committee. He has attended every Northlake Grove Resident Life Committee Meeting – that’s one each month for 12 years!

Ten years ago, Jerry developed a program to provide the NLG/Easternwood resident children with backpacks and school supplies for each school year. That program is still in effect and has outfitted approximately 300 children with supplies over the last decade. He truly defines the mission and values of LATCH and we greatly appreciate his time and dedication. Thanks, Jerry!

The Gethsemane Lutheran Church project received funding commitments in December of 2009. The redevelopment project at 9th and Stewart in downtown Seattle will provide affordable housing and a variety of social services for low-income and disabled residents, as well as a renovated worship and gathering space for Gethsemane Lutheran Church’s congregation.

HIGHLIGHTS

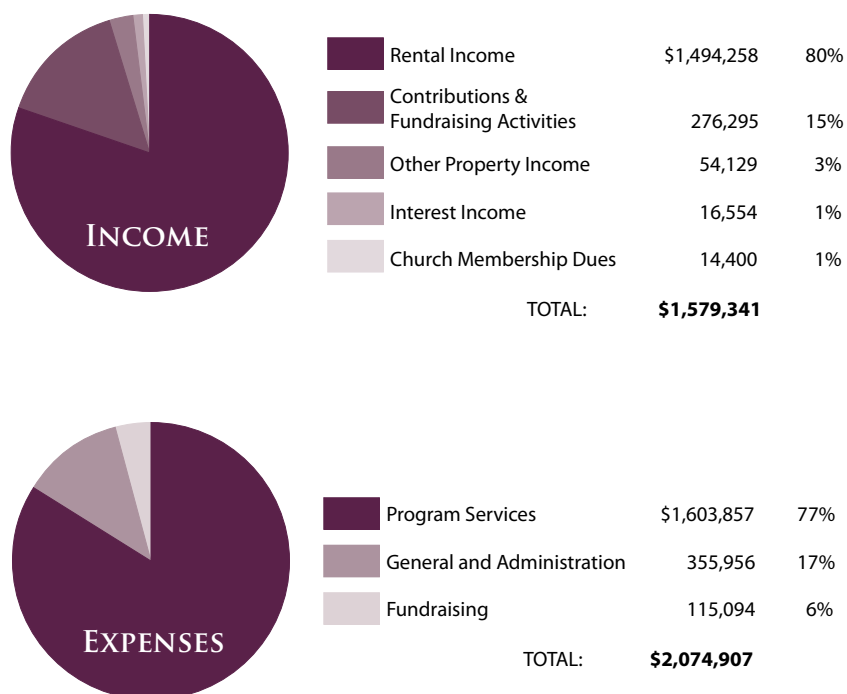

Rick Steves presented his 15th Annual Travel Seminar on the country of Iran in March 2009.

Residents at Bergan Place created an outdoor mural based on the theme “Where we live” in August 2009.

In August, Northlake Grove dedicated a new play area to longtime LATCH supporter Jerry Wagner, liaison from Northlake Lutheran Church.

DAY SERVICES

Life on the streets is a difficult, frightening and lonely experience. Compass Day Services are designed to help people in crisis work toward increased stability, independence and healthy community life.

In 2009, the Hygiene Center saw **2,974 visitors** and provided **36,956 showers** and **7,956 loads of laundry** to people living on the streets.

EMERGENCY SHELTER

Overnight shelters provide a safe place for people to sleep, nutritious meals and the opportunity to connect with case managers.

In 2009, Hammond House Women's Shelter saw **246 guests** and helped move **24 women into transitional housing** and **9 to permanent housing**.

TRANSITIONAL HOUSING

Our transitional housing programs offer stable housing and case management support for continued steps toward stability and healthy living.

In 2009, the Pioneer Square Men's Program housed **304 residents** and helped move **44 men into transitional housing** and **47 to permanent housing**.

VETERANS PROGRAMS

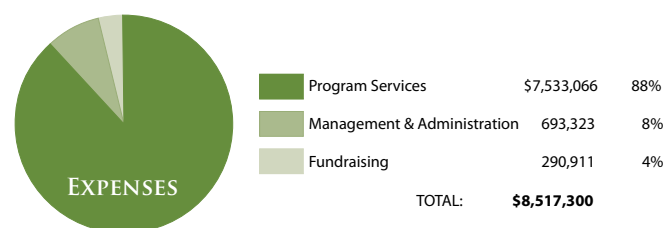

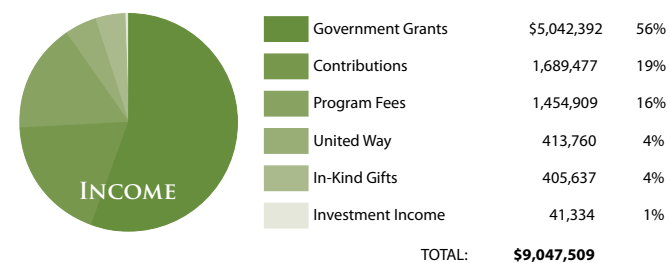

Our Veterans programs provide housing and support specifically tailored to the needs of people who have served in the military and are homeless.

In 2009, the Shoreline Veterans Program housed **52 residents** (both men and women) and helped move **3 residents to transitional housing** and **21 to permanent housing**.

FAMILY SUPPORT

The Family Support Program allows families to live in their own apartment on an emergency (4 months) or transitional (2 years) basis. We provide intense case management support.

In 2009 we served **23 families** including **33 adults** and **44 children**.

Donnell grew up in a very abusive foster home in Kansas City. At age 18, he left and began trying to make a new start. He lived in Minnesota, traveled to Montana, and eventually ended up in Seattle. Donnell continued to deal with his childhood traumas by self medicating with drugs and alcohol. After years in and out of homelessness, he started a treatment program, which he completed in a year and a half.

At 38, Donnell is aware that the last 20 years have been like a second hard-fought childhood for him. Seeking out advice from friends and counselors allows him to address painful issues from his past. "I'm just now figuring out how much of a child I am," he says.

In addition to his struggles with chemical dependency, Donnell has bipolar disorder. He also suffers from PTSD, resulting from the trauma and abuse he endured as a child. He was eventually awarded SSDI (Disability Insurance) and referred to the Compass Center's Client Services Office (CSO). Here his payee case manager Teresa helps him pay his bills, apply for benefits, and seek help to remain clean and sober. Having someone watch over his money can be difficult, but he is grateful for the service and raves about Teresa and the other staff in the CSO. He says, "I do not like having a payee, but these guys bend over backwards to help me out."

Now with stable income and an affordable apartment, Donnell is enjoying life one day at a time. He loves to cook, work out, and watch movies. He recently bought a computer and spends a lot of time writing. "He's an extremely talented writer," says his case manager Teresa, who has had the privilege of reading some of Donnell's stories. She is excited to watch him continue on his journey of healing. "My hope for him is that he will get some of his short stories published, and my belief is he will one day be independent and become his own payee," she says. "For him, the sky is the limit."

HIGHLIGHTS

The programs of FASC were officially consolidated into the Compass Center in February 2009.

Compass Cascade celebrated 10 years of transitional housing for homeless women in June 2009.

Construction on the Compass Veterans Center - Renton began in September 2009.
