Project address:

147 N. 132nd St., Seattle WA 98133

Neighbors,

Walsh Construction Company (WALSH) is in the second month of construction on the Compass Broadview project.

Current activities are mass excavation, digging of concrete footings, installation of concrete forms and rebar, and installation of drain mats on shoring walls.

During the upcoming month WALSH will begin pouring concrete footings for the foundation and placing shotcrete for the walls of the parking garage.

Entry to and from the jobsite is on North 132nd Street. Please be aware that we will have equipment coming in and out of that location. Everyone should be alert and use caution when walking and driving in this area. Please keep all foot traffic along the north side of North 132nd Street, and cross at corners prior to arriving near the construction site.

When complete, the 3-story multi-family apartment building will offer 59 affordable dwelling units and 24 parking spaces in a below-grade garage.

As will be the case throughout construction over the next 14 months, please do not hesitate to call us with questions or concerns. We appreciate your cooperation during this project.

Thank you for your patience,
